Question/Comment  
Dear Mayor Keethler

I was unable to attend tonight's City Council meeting but wanted to give a comment concerning the Gun Club in White Salmon. I've lived in White Salmon for 37 years and I do consider myself a local, was not born here but have contributed, volunteered and worked here for all those years.

. The Gun Club is obsolete, a relic from the past that does not conform with our current considerations of personal property expectations. In my opinion, having to listen to automatic gunfire to benefit a very few to the demise of others is not in the interest or benefit of the community.. The east side of the City , where we hear it , it's emotionally upsetting, a terror to dogs and frankly disturbs the peace. There are combat veterans and others terrorized by gun violence that live here, so please consider that. I will add that 100% of the gunfire is from automatic weapons. I also want to add that I live about a quarter mile away from this club, not on their fenceline.

I'm not sure what the City can do about it legally but I'm thinking: If this is County land, then annex it, zoning ( you changed mine) noise ,decibel ordinance, not allowing the police department from shooting there . They have the Dallesport range, easily accessible on their way to and forth from Goldendale. It's ridiculous that a few who want to fire their automatic weapons should be able to disturb the peace and inflict emotional harm to others.

Thank you  
Donna Rockell
