To The White Salmon City Council,

Im am writing this letter of recommendation in hopes you will seriously consider appointing **David Dierck**, owner and operator of The Inn of the White Salmon, to the White Salmon city council. We have had the great pleasure to do business with and get to know David over that last 10 years. He is an exemplary citizen and business owner in our community. We have collaborated on many projects about town in our shared passion for the White Salmon downtown area. We often use David as a sounding board for ideas and questions in our own businesses as he's a person of broad understanding, a great listener, and gives thoughtful feedback. With David its not just about the dollar, or protecting his investment,, but what is best for White Salmon and where we are in our growth as a city. We can't think of a more equitable, honest, & objective representative for businesses and the citizens of White Salmon.

Sincerely yours,

Sarah Morton-Erasmus
