

City of White Salmon:

A proud community working together to create and sustain a desirable place to live, work, play, and stay.

The effects of the ongoing COVID-19 pandemic continue to influence the priorities and operations of our small community, just as they do state policy decisions. With appreciation for the exceptional circumstances all levels of government are working under, our focus this legislative session is intentionally directed on a critical issue of importance to our community.

White Salmon Hood River Bridge Project

1. Support 2021 study legislation for a mid-Columbia bi-state bridge authority with the intent of bringing formal legislation back in the 2022 session to formally create the authority.
2. Advocate for bridge replacement funding focused on engineering and pre-construction activities.
